## White Christmas At S. H. S.

Twenty years ago, S. H. Sherman came to Statesboro High to serve as principal. One of the many lasting customs Mr. Sherman left with the high school was the White Christmas Project.

Each year since then, Statesboro students have brought food and other articles to place in the white box located in each home room for the purpose of making Christmas somewhat happier for needy families throughout the city and county.

In the last assembly program before the Christmas holidays, the boxes from each home room, along with special boxes from several of the school clubs, are assembled in the auditorium.

To entertain the student body the choir sang "White Christmas" and "Winter Wonderland." The Latin and French classes then sang "Adeste Fideles." "I'll Eat No, No, No" and "Silent Night" were also performed.

The curtain opened as the choir hummed "Silent Night" and the White Christmas boxes were brought to the front of the auditorium by the room and club representatives.

The room representatives were from the senior class, Bobby Conley, Jimmy Bragg, Kenneth McKelvie, Ed McClamery, Arthur Woodrum and Mike Turner; from the junior class, Danny Bragg, Carol Miller, Bing Phillips and Robert Tankersley; from the tenth grade, Charles Chandler, Dan Miller, Alvin Miller, Bing Phillips and Robert Tankersley; from the ninth grade, Charles Chandler, Dan Miller, Alvin Miller, Bing Phillips and Robert Tankersley; from the eighth grade, Charles Chandler, Dan Miller, Alvin Miller, Bing Phillips and Robert Tankersley; from the seventh grade, Charles Chandler, Dan Miller, Alvin Miller, Bing Phillips and Robert Tankersley; from the sixth grade, Charles Chandler, Dan Miller, Alvin Miller, Bing Phillips and Robert Tankersley; from the fifth grade, Charles Chandler, Dan Miller, Alvin Miller, Bing Phillips and Robert Tankersley; from the fourth grade, Charles Chandler, Dan Miller, Alvin Miller, Bing Phillips and Robert Tankersley; from the third grade, Charles Chandler, Dan Miller, Alvin Miller, Bing Phillips and Robert Tankersley; from the second grade, Charles Chandler, Dan Miller, Alvin Miller, Bing Phillips and Robert Tankersley; from the first grade, Charles Chandler, Dan Miller, Alvin Miller, Bing Phillips and Robert Tankersley.

## The Christmas Story

And it came to pass in those days, that there went out a decree from Caesar Augustus, that all the world should be taxed.

(And this taxing was first made when Cyrenus was governor of Syria.)

And all went to be taxed, every one into his own city.

And Joseph also went up from Galilee, out of the city of Nazareth, into Judea, unto the city of David, which is called Bethlehem; (because he was of the house and lineage of David);

To be taxed with Mary his espoused wife, being great with child.

And so it was, that, while they were there, the days were accomplished that she should be delivered.

And she brought forth her firstborn son, and wrapped him in swaddling clothes, and laid him in a manger; because there was no room for them in the inn.

And there were in the same country shepherds abiding in the field, keeping watch over their flock by night.

And lo, the angel of the Lord came upon them, and the glory of the Lord shone round about them; and they were sore afraid.

And the angel said unto them, Fear not: for, behold, I bring you good tidings of great joy, which shall be to all people.

For unto you is born this day in the city of David a Saviour, which is Christ the Lord.

And this shall be a sign unto you; Ye shall find the babe wrapped in swaddling clothes, lying in a manger.

And suddenly there was with the angel a multitude of the heavenly host praising God, and saying,

Glory to God in the highest, and on earth peace, good will toward men. St. Luke 2:1-14.

## Kermit Carr Honored By Local Elks

During the regular meeting of Statesboro Elks Lodge, No. 1788, last Thursday, Kermit R. Carr, Exalted Ruler, was given special recognition for his outstanding service to the local lodge.

Mr. and Mrs. Carr are moving to Statesville, N. C., to make their future home.

Mr. Carr has served as Exalted Ruler of the local lodge since March 1958. He was one of the members who instituted the Statesboro Lodge in 1949 and has served as secretary since its inception until his election to head the local lodge in 1958. The lodge received its charter as an established lodge July 1950.

Past Exalted Ruler Lonnie Young paid tribute to Mr. Carr for his untiring efforts to the work of the lodge. He presented Mr. Carr with the past exalted ruler pin. Allen Stockdale presented a gold wrist watch to Mr. Carr.

In his comments he said, "Mr. Carr's outstanding service will be missed and it was through his leadership that much has been accomplished during his term."

## REV. C. A. JACKSON TO PREACH AT FIRST METHODIST

Next Sunday morning, December 27, Rev. Charles A. Jackson will preach at the 11:00 o'clock worship service in First Methodist Church. Rev. Jackson was pastor of First Church 1945-48, and his many Statesboro friends will welcome this opportunity to see and hear him again.

Evening at 6:30 p. m. next Sunday will be in observance of Student Recognition Day. College students who will take part in the service include: Mary Alice Chalmers, Bobby Ann Jackson, Cynthia Johnston, Al DeLoach and Frederick Shearouse.

## Fund Drive For 1958-59 Successful

According to a report made by Wiley B. Fordham, president of the Bulloch County Chapter, Muscular Dystrophy, and H. P. W. Mack, chairman, Fund Campaign, the Muscular Dystrophy Fund Campaign, which was conducted in 1957, 1958 and 1959 by the National Guard here, under the supervision of Capt. Carl L. Herrington and assisted by First Lt. W. C. Harper and First Lt. Ewell Bailey and their battalions was highly successful.

"We think this was one of the best planned, most systematically operated and most complete campaigns ever carried on in this county. We feel that the people gave complete cooperation; even in the rural areas where guardsmen were living, the people were interested and turned on the 'Welcome Light' and made liberal donations. This, we think, was due to the fact that people know how busy military men are, and if they were willing to give their time and efforts it certainly was the duty of each civilian to make a contribution," said Mr. Fordham.

"This perhaps was the greatest public relations program ever experienced in this county. It helped to emphasize the fact that 'Guardsmen are heroes' and that they are needed. This was a great service rendered to the people in Bulloch County," concluded Mr. Fordham.

The people of Bulloch County have been employed by Union Bag-Camp Paper Corporation and stationed in Statesboro.

Mr. Dickson and his wife, Louise, are now residing at 9 Church Street. He is a native of Greenwood, S. C., and received B.S. in forestry from North Carolina State College. Prior to attending college he spent four years in the Army.

Before joining Union Bag-Camp he spent three years with the Virginia Forest Service at Farmville, Va. In order to utilize his previous training and experience, Union Bag hired him to work with local seed groves as a wood procurement forester.

Mr. and Mrs. Dickson are members of the Presbyterian Church.

## S. H. S. Band Boosters' Fund Drive

In spite of having to postpone the Statesboro High School Band Boosters' Day from December 12 and still contending with a cold gloomy day, the response for funds was excellent when it was held last Saturday. Although the final contributions have not been received the total topped the \$1,100 mark.

Band Boosters' Day had its beginning for the first time last spring. It was held last Saturday in order to secure much needed funds for uniforms and repair of school owned instruments for the larger than expected band this year. According to Dale Jensen, director, the Blue Devil Band should number some 60 at the beginning of the school year in September, 1960.

This year's all solicitation was done by the band members. A new state department of education ruling prohibits the use of students for selling or solicitation.

The Statesboro High School Band Association appreciates the fine response given by the businessmen and those who contributed on the streets last Saturday. Statesboro has one of the finest bands in Georgia and it is through the committee's cooperation to secure funds that will help keep the standard of the band in first class condition so Statesboro can send "We are proud of the band and it's performance wherever it makes a showing."

## Episcopal's Midnight Service

The members of Trinity Episcopal Mission will begin their celebration of Christmas, or the Nativity of Our Lord with special services on Christmas Eve and Christmas Day. There will be traditional Christmas Eve Midnight Communion starting at 11:30 p. m. on Thursday, December 24th.

On Christmas Day the Holy Communion will be celebrated at 10:30 a. m. The Rev. John E. Woolley, Vicar, will be the Celebrant.

Christmas, being the annual commemoration of the birth of Jesus Christ, is a day of great rejoicing for Christians. The liturgical color used for the Altar and Priestly Vestment is white, which symbolizes purity, joy and happiness. The word Christmas is derived from the words "Christ's Mass" and is the occasion when all the faithful attend the "Mass of Christ" and make their communions.

The Christmas feast in the Episcopal Church does not begin until the midnight service and lasts for twelve days until the Feast of the Epiphany, when the first Gospels came to see Our Lord, St. Mary and St. Joseph in the stable at Bethlehem.

The public is cordially invited to attend the Midnight Service and the Christmas morning service at Trinity Mission. There will be the commemorations of the Feast Days of St. Stephen, December 26; St. John the Evangelist, the first Sunday after Christmas and The Holy Innocents on December 28 at 10:00 a. m.

## Covering of Some Plants Is Harmful

(By Roy Powell, County Agent)

During cold spells many of us have used boxes, plastic bags and other various fabrics to cover and protect valuable ornamental plants. Recent research at the University of Georgia indicates that these covers are left over some ornamental plants too long they are harmful to them.

In the tests to determine effects of the covers, plants were used. Damage to these plants increased according to the length of coverage time. Even three days of covering caused damage and one week of coverage caused considerable more. In the one-week test, 50 per cent of the flower buds were killed on plants under black plastic, 35 per cent when under clear plastic, 17 per cent when under cardboard boxes and 1 per cent on the non-covered plants.

In conclusion, the investigators say that although the tests dealt primarily with azaleas, plants, it is possible that other shrubs would react in a similar fashion to these covers. The researchers say that if covers are used at all, they should be taken off during the days.

**WINTERIZE FOR SAFETY**

Does your tractor start easily or does it barely turn over when you touch the starter button? Are your electric tank heaters well grounded and are your fuel tank heaters in good repair? Winter is coming and with it comes the hazards of cold weather. Pipes that are not protected may freeze and thereby add to the problem of securing water should a fire occur. Blow torches, electric heating devices and hot ashes may have pipes that they start fires. Instead of having to thaw your pipes, protect them from freezing now.

Tractors and automobiles that are not properly prepared for the winter, try a driver's patience and his safety awareness as well. Along with winterizing your farm, remember to winterize your driving techniques. Adjust your speed to road and weather conditions. Keep the windshield and windows clean.

Pump your brakes. This is the best technique for stopping while maintaining full control of your car. Keep well back of the vehicle ahead so that you will have plenty of room to stop.

## Georgia Becomes World Capitol For Air Freighter Manufacture

The Georgia Division of Lockheed has received an order for 12 Intercontinental Super Hercules Prop-Jet Air Freighters to be built at Marietta plant. This order is the result of last week from Lockheed Aircraft Corp. for Super Hercules brings the total sales of the jet air freighter to 18. With additional orders from other freight airlines and from the military expected, the Georgia plant of Lockheed will become the world center for the production of fast air freighters to spur the rapid growth of air freight throughout the world. Chairman Robert E. Gross, of the Lockheed Board, said: "In probably all forms of transportation to date--on the seas, on the railroads and on the highways, the big contribution to our economy and standard of living and the greater profits to transportation operators has come from the mass movement of freight. We are convinced this likewise will be the case with the development of this airplane (Super Hercules) by our Georgia Division which is ideally suited to economical transportation of cargo, will be the stimulus needed to spur the rapid growth that we believe will be inevitable in this field. We are particularly pleased that Pan American will be the pioneer in introducing the Intercontinental Hercules to air freight service over the world." Lockheed officials say the commercial Hercules order will tend to help stabilize employment at the Lockheed operated government aircraft plant in Marietta.

Are we Americans organized to death, is it true that we can't take three to twelve times as far to stop when the road is wet as it does on dry days.

**PEANUT GROWERS' REFERENDUM**

The USDA announces that the referendum on market quotas for the 1960, 1961 and 1962 crops of peanuts will take place December 16. If as many as two-thirds of the growers voting, favor quotas, they will become effective in each of the three years. If more than one-third vote against quotas, another referendum will be held next year for the following three years.

**Soil - Water  
Conservation**

By E. T. ("Red") Mullis

Application of soil and water conservation at 10 measures on the land of cooperators of the Ogeechee River Soil Conservation District has increased tremendously the last weeks. Farmers have finally gathered most of their crops and can now think of doing things like terracing, drainage, pond building and water construction.

Mrs. Alex Womack and A. L. Delaponte of Portia have completed a fine pond on their farm just north of Portia. The pond was constructed for livestock water by Rudolph Rushing, contractor, of Statesboro.

J. W. Jones has completed a nice farm pond on his farm in the Middleburg Community. Mr. Jones needed the pond for livestock water in connection with his pastures. Rudolph Rushing was the contractor for this job.

B. J. Clifton has built a good pond recently on his farm in the Ogeechee community. Harvey Driggers of Brooklet pond contractor for this job.

Mrs. Carrie Griffin Jones and E. D. Shaw are constructing a fine drainage system on Mrs. Jones' farm on the Pembroke highway in the Emitt community. It consists of V-type ditches for surface drainage and natural pond drainage. The Ogeechee River Soil Conservation District motor grader with C. O. Bohler, operator, is doing this work.

Sam J. Roach is constructing a fine drainage system on his farm in the Denmark community near the Bryan County line. This system when complete will alleviate constant wet land on Mr. Roach's farm which has troubled him for several years. The ditches are primarily of the V-type with the district motor grader doing the work.

**Now Linda Can Wear  
Pretty Yuletide Shoes**

Linda then ... and linda now

Six-year-old Linda Brees of Columbus, Ohio, has been crippled from birth. She suffered from a birth defect, a disorder which seriously affects one out of every 10 babies born in the United States.

What Linda was old enough to walk, she could get around only with the aid of steel braces on her legs. She meant wearing heavy, ankle-high shoes which were not very pretty for a little girl who was otherwise developing into a real beauty.

Children with significant birth defects, known medically as congenital malformations, often face a lifetime of crippling. But there was hope in Linda's case. In her hometown, the Columbus Children's Hospital, a new center for treating defects was set up with the support of New March of Dimes.

The new March of Dimes campaign in January, 1960, is aimed at the major crippling diseases, including arthritis and polio in addition to birth defects. It is estimated that one out of every four American families is affected by these disorders. Linda's progress toward a healthy, normal life symbolizes the hope held out by the New March of Dimes for millions of sufferers from crippling diseases.

**Now Linda Can Wear  
Pretty Yuletide Shoes**

Linda then ... and linda now

Six-year-old Linda Brees of Columbus, Ohio, has been crippled from birth. She suffered from a birth defect, a disorder which seriously affects one out of every 10 babies born in the United States.

What Linda was old enough to walk, she could get around only with the aid of steel braces on her legs. She meant wearing heavy, ankle-high shoes which were not very pretty for a little girl who was otherwise developing into a real beauty.

Children with significant birth defects, known medically as congenital malformations, often face a lifetime of crippling. But there was hope in Linda's case. In her hometown, the Columbus Children's Hospital, a new center for treating defects was set up with the support of New March of Dimes.

The new March of Dimes campaign in January, 1960, is aimed at the major crippling diseases, including arthritis and polio in addition to birth defects. It is estimated that one out of every four American families is affected by these disorders. Linda's progress toward a healthy, normal life symbolizes the hope held out by the New March of Dimes for millions of sufferers from crippling diseases.

## Rabies Still A Threat Locally

(By Jack D. Wheelch, Public  
Health Engineer, Health Dist. 7.)

We are still having cases of rabies  
occurring in the fox, dog and cat  
population of Health District  
7, composed of Bulloch, Candler,  
Effingham, Evans and Emanuel  
counties.

Two humans are now taking  
anti-rabies treatment and three  
others have taken the treatment  
this month due to exposure to rabid  
animals. Two were exposed to a  
rabid cat, two to a rabid dog and  
one to a rabid fox.

In order to bring the present  
outbreak of rab
